A. RICHARDSON, Superintendent

To the Students and Parents of Anna School:

Never before has there been such a need for better education in our public schools. Events within recent months have shaken us to a realization of what education can do in just the sciences alone. To the people who want and provide the best education for their boys and girls will come rewards of richer and more useful lives. The challenge to the people of this community to develop to the utmost areas and avenues of a high school are here and must be met.

This is indeed an eventful time in the history of the Anna Public School. I extend to each of you my sincerest best wishes for a better tomorrow for each of us and for this fine school.

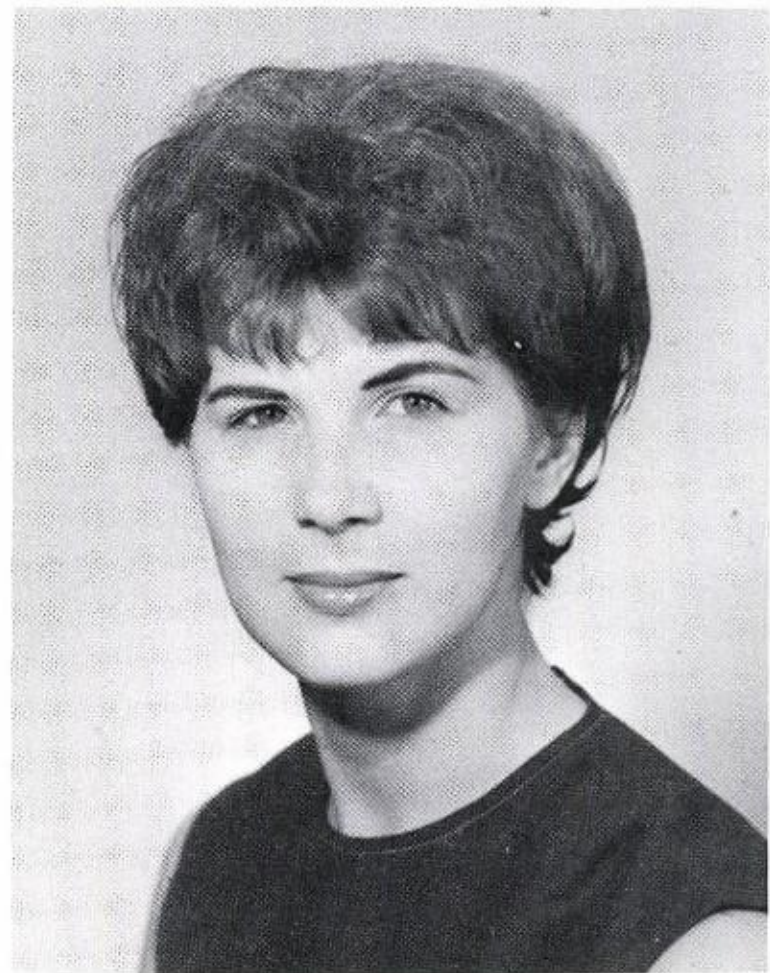

Sincerely,

A. Richardson

A. Richardson, Supt.

We, the graduating class of "1966," respectfully dedicate our yearbook to Mrs. Charlene Nichols. Patience and understanding are only part of her contributions to the success of our class.

She has always been ready to extend help and advice during our most difficult year. For her devotion and guidance to our class, we will always be most grateful.

Well, Rufus,
looks like school
will be drawing to
a close pretty soon.
I have really enjoyed my
Junior Year in ^{Gen} History
with you it will hold many
memories for me. I wish you
luck, success, happiness and health
where ever you go in the future.
As far as the other History teachers
I have had I really have never had
one like you quiet before. I do hope
you get your picture in the paper with
you "Love Chewing Gum Chain". It has
taken up much of your valuable time, I
just remember this one little thing
and I got for you completed your chain. It
couldn't have been done without them. Right?
Remember your motto where ever you go:
"Vote for Rufus, he ain't no guffus!" You will
go far in life if you tell everyone your
motto when you meet them. You really
haven't cracked up like the rest, and I
know you have really put up with a lot
since you have been here. Just go light
on our test!

Best Wishes Always,
Kaylene
